TO THE PUBLIC.

With few exceptions—and with none since 1897—each annual collection of the Hospital Saturday and Sunday Association has shown an increase over the preceding one, and the collection of 1892 fully maintains the record. The steady progress that has signalized this movement is full of encouragement for the future, experience having made it plain that the aims and purposes of the Association require only to be understood to receive hearty commendation and support from all classes.

THE WOMAN'S AUXILIARY.

The Woman's Auxiliary has again proved itself an agency of large helpfulness. The "Woman's Fund," formed exclusively of the gifts of women, nearly equals the amount credited under this head

the year before (\$4,551.27, as against \$4,463.00 this year), when many contributions were received in answer to a second appeal, issued because of the prevalence of influenza. In these circumstances, this year's result is proof, not only of a sustained, but of a growing, interest among women in the work of the Association. Besides the gifts from women, the Auxiliary secured contributions from other sources, and notably the sum of \$2,100.00, part of the proceeds of the Hotel Waldorf opening reception. Additional to this is the sum of \$805.00 collected from trades, and a further sum of \$882.17 credited to the "mite boxes," making together a total for the Auxiliary of \$8,250.17, as against \$7,422.84 the previous year.

OTHER AUXILIARY WORK.

During the past year Auxiliaries were formed for the Clothing trade, the Paint, Oil and Chemical trades, and the Metal trades. In each instance good results followed upon organization. The contributions from the Clothing trade were raised from \$709.20 in the last collection to \$1,857.85 in the present one; the Paint, Oil and Chemical trades' collection was increased from \$570 to \$826; the Metal trades' collection rose from \$416.25 to \$603.50; while the Fur trade's collection, in charge of Messrs. Leopold Weil & Brothers, shows, as the result of a vigorous canvass, an increase from \$323 to \$465.

THE ANNUAL COLLECTIONS.

The collections since the beginning of the movement in 1879 have realized the following amounts :

1879	\$26,455 07
1880	44,371 97
1881	42,535 45
1882	30,699 90
1883	43,062 74
1884	36,542 75
1885	46,085 38
1886	53,051 98
1887	50,449 15
1888	52,039 63
1889	57,090 66
1890	58,342 23
1891	60,263 91
1892	63,229 66

ADMISSION OF ANOTHER HOSPITAL.

During the past year several applications for membership to the Association were received, but in the case of one only—the St. Andrew's Infirmary for Women—could favorable action be taken.

THANKS FOR SERVICES.

The Association gratefully acknowledges acts of gratuitous service. Thanks are again due and cordially tendered to the Manhattan Railway Advertising Company for kindly placing the Collection boxes in the most accessible places on the Elevated Railway Stations, and to the American Express Company for collecting the boxes distributed among the factories of the city.

THE UNDESIGNATED FUND.

After deducting all special designations (to wit: \$8,359.89), allowing \$1,030.10 for past expenses, and setting apart a sum approximating to the expenses of the ensuing year (to wit: \$3,839.67), there remained in the hands of the General Treasurer the sum of \$50,000.00, which the Distributing Committee (there being present Mayor Thomas F. Gilroy, Edward Cooper, Morris K. Jesup, Jesse Seligman and Cornelius Vanderbilt) apportioned among the Hospitals certified to them by the President of the Association as entitled to share in the distribution. This was done on the basis of free work, except as modified by the rule of the Association, which provides that the expenses of the Collection shall be borne in equal proportion by both the designated and the undesignated funds. As, however, the designated proportion is inviolate, the amount which it should legitimately bear toward expenses (aggregating this year to \$268.20, that being the proportionate share of expenses set over against \$1,031.00 going in special designations to Hospitals sharing in the undesignated fund), is deducted from the undesignated amount apportioned to each Hospital in proportion to its special designations,

and the sum so realized is redistributed amongst the entire number on the original basis of free work. Following the practice of former years, the New York Hospital and the Nursery and Child's Hospital, waived their right to share in the distribution of the undesignated fund. The apportionment was made on a basis of 8.90 cents per day per free patient, as follows:

* Special designations, aggregating \$3,022.08, were sent by Treasurers of Auxiliaries or churches directly to the Treasurers of Hospitals, and hence have no place in the General Treasurer's statement, although they appear as part of the Collection in their appropriate places in the body of the report. The complete account therefore stands thus: Receipts per Treasurer's Report, \$62,638.41 + \$3,022.08 = \$65,660.49 — \$2,430.83 = \$63,229.66.

TO THE PUBLIC.

The Hospital Saturday and Sunday Collection for 1893 falls but little short of high-water mark; and when it is considered that this result was achieved in the face of financial panic and a business depression almost unprecedented in its severity, it emphasizes the high place this cause has won for itself in public esteem. To be sure, the collection was not held to the level of former years without some extra effort; but the fact that the zeal of the friends of the movement was equal to a great emergency, is reason for hearty congratulation, and will doubtless stimulate the work in the future.

THE WOMAN'S AUXILIARY.

The Woman's Auxiliary again heads the list of successful agencies of contribution. The "Woman's Fund," formed exclusively of the gifts of women, rose from last year's total of \$4,463.00 to \$6,419.50 for this collection, an advance, under all the circumstances, which only those could have anticipated who realize that woman's sympathy and charity may be depended upon to rise to the crest of every great emergency.

OTHER AUXILIARY WORK.

In the Trades and upon the Exchanges several auxiliaries also passed previous records. Special mention in this respect is due the Paint, Drug and Chemical, the Dry Goods, the Cigar and Tobacco, the Crockery, and the Coal Trade Auxiliaries, as well as those of all the Exchanges. Owing to special causes, coupled with the unusual depression in business, there was a large falling off in the collection in the Clothing, and Hide and Leather Trades, and it is to the strengthening of the work in these Trades that special consideration should be given in the immediate future.

THE ANNUAL COLLECTIONS.

The collections since the beginning of the movement in 1879 have realized the following amounts :

1879	\$26,455 07
1880	44,371 97
1881	42,535 45
1882	30,699 90
1883	43,062 74
1884	36,542 75
1885	46,085 38
1886	53,051 98
1887	50,449 15
1888	52,039 63
1889	57,090 66
1890	58,342 23
1891	60,263 91
1892	63,229 66
1893	58,729 42

ADMISSION OF ANOTHER HOSPITAL.

During the past year the St. John's Guild Hospital for Children was admitted to membership in the Association.

THANKS FOR SERVICES.

The Association gratefully acknowledges acts of gratuitous service. Thanks are again due and cordially tendered to the Manhattan Railway Advertising Company for kindly placing the Collection boxes in the most accessible places on the Elevated Railway Stations, and to the American Express Company for collecting the boxes distributed among the factories of the city.

THE UNDESIGNATED FUND.

After deducting all special designations (to wit: \$8,359.89), allowing \$1,030.10 for past expenses, and setting apart a sum approximating to the expenses of the ensuing year (to wit: \$3,839.67), there remained in the hands of the General Treasurer the sum of \$50,000.00, which the Distributing Committee (there being present Mayor Thomas F. Gilroy, Edward Cooper, Morris K. Jesup, Jesse Seligman and Cornelius Vanderbilt) apportioned among the Hospitals certified to them by the President of the Association as entitled to share in the distribution. This was done on the basis of free work, except as modified by the rule of the Association, which provides that the expenses of the Collection shall be borne in equal proportion by both the designated and the undesignated funds. As, however, the designated proportion is inviolate, the amount which it should legitimately bear toward expenses (aggregating this year to \$268.20, that being the proportionate share of expenses set over against \$4,031.00 going in special designations to Hospitals sharing in the undesignated fund), is deducted from the undesignated amount apportioned to each Hospital in proportion to its special designations,

and the sum so realized is redistributed amongst the entire number on the original basis of free work. Following the practice of former years, the New York Hospital and the Nursery and Child's Hospital, waived their right to share in the distribution of the undesignated fund. The apportionment was made on a basis of 8.90 cents per day per free patient, as follows:

* Special designations, aggregating \$3,022.08, were sent by Treasurers of Auxiliaries or churches directly to the Treasurers of Hospitals, and hence have no place in the General Treasurer's statement, although they appear as part of the Collection in their appropriate places in the body of the report. The complete account therefore stands thus: Receipts per Treasurer's Report, \$62,638.41 + \$3,022.08 = \$65,660.49 — \$2,430.83 = \$63,229.66.

TO THE PUBLIC.

The Hospital Saturday and Sunday Collection for 1893 falls but little short of high-water mark; and when it is considered that this result was achieved in the face of financial panic and a business depression almost unprecedented in its severity, it emphasizes the high place this cause has won for itself in public esteem. To be sure, the collection was not held to the level of former years without some extra effort; but the fact that the zeal of the friends of the movement was equal to a great emergency, is reason for hearty congratulation, and will doubtless stimulate the work in the future.

THE WOMAN'S AUXILIARY.

The Woman's Auxiliary again heads the list of successful agencies of contribution. The "Woman's Fund," formed exclusively of the gifts of women, rose from last year's total of \$4,463.00 to \$6,419.50 for this collection, an advance, under all the circumstances, which only those could have anticipated who realize that woman's sympathy and charity may be depended upon to rise to the crest of every great emergency.

OTHER AUXILIARY WORK.

In the Trades and upon the Exchanges several auxiliaries also passed previous records. Special mention in this respect is due the Paint, Drug and Chemical, the Dry Goods, the Cigar and Tobacco, the Crockery, and the Coal Trade Auxiliaries, as well as those of all the Exchanges. Owing to special causes, coupled with the unusual depression in business, there was a large falling off in the collection in the Clothing, and Hide and Leather Trades, and it is to the strengthening of the work in these Trades that special consideration should be given in the immediate future.

THE ANNUAL COLLECTIONS.

The collections since the beginning of the movement in 1879 have realized the following amounts :

1879	\$26,455 07
1880	44,371 97
1881	42,535 45
1882	30,699 90
1883	43,062 74
1884	36,542 75
1885	46,085 38
1886	53,051 98
1887	50,449 15
1888	52,039 63
1889	57,090 66
1890	58,342 23
1891	60,263 91
1892	63,229 66
1893	58,729 42

ADMISSION OF ANOTHER HOSPITAL.

During the past year the St. John's Guild Hospital for Children was admitted to membership in the Association.

THANKS FOR SERVICES.

The Association gratefully acknowledges acts of gratuitous service. Thanks are again due and cordially tendered to the Manhattan Railway Advertising Company for kindly placing the Collection boxes in the most accessible places on the Elevated Railway Stations, and to the American Express Company for collecting the boxes distributed among the factories of the city.

THE UNDESIGNATED FUND.

The Distributing Committee met at the Mayor's office, City Hall, on March 20th. There were present Acting Mayor, George B. McClellan, in the chair ; the Postmaster, Charles W. Dayton ; the President of the Chamber of Commerce, Charles S. Smith, and Messrs Morris K. Jesup and Cornelius Vanderbilt. After deducting all special designations (to wit, \$6,911.21), allowing \$840.61 for past expenses, and setting apart the sum of \$2,800.50 to cover future expenses, there remained in the hands of the General Treasurer the sum of \$48,000.00, which the Distributing Committee apportioned among the Hospitals certified to them as entitled to share in the distribution. This was done on the basis of free work, as modified by a rule of the Association, which provides that the expenses of the collection shall be borne in equal proportion by both the designated and the undesignated funds. As, however, the designated proportion is inviolate, the amount it bears toward expenses (aggregating this year to \$166.60, that being the proportionate share of expenses set over against \$2,662.74 specially designated to Hospitals sharing in the Undesignated Fund), is deducted from the undesignated amount apportioned to each Hospital in proportion to its special designations,

and the sum so realized is redistributed amongst the entire number on the original basis of free work. Following the practice of former years, the New York Hospital and the Nursery and Child's Hospital waived their right to share in the distribution of the Undesignated Fund. The apportionment was made on a basis of 8.30 cents per day per free patient :

*Special designations, aggregating \$3,092.96, were sent by Treasurers of Auxiliaries or churches directly to the Treasurers of Hospitals, and hence have no place in the General Treasurer's statement, although they appear as part of the Collection in their appropriate places in the body of the report. The complete account therefore stands thus: Receipts per Treasurer's Report, \$57,963.43 + \$3,092.96 \$61,056.39 — \$2,326.97 = \$58,729.42.

TO THE PUBLIC.

The result of the Hospital Saturday and Sunday Collection for 1894 was in nearly all respects so satisfactory that the Association, in presenting a detailed report thereof, ventures upon a word of congratulation. That in a year of almost unprecedented business depression the contributions for the maintenance of this work should have nearly equalled any preceding year is surely significant of a deep public interest, and naturally greatly encourages all connected therewith. And now that renewed prosperity of the country seems assured, largely increased results in the collections may be looked for in the future.

THE WOMAN'S AUXILIARY.

While the collections in the trades and by boxes, made by the members of the Woman's Auxiliary, fell somewhat short of previous years, the contributions to the "Woman's Fund,"—constituted of gifts made exclusively by women—have increased in number and equalled former collections in amount.

OTHER AUXILIARY WORK.

All the leading auxiliaries in the trades either held their ground or achieved results better than those of previous years. Special credit must this year be given to the Paint, Drug and Chemical Trades' Auxiliary, which surpassed the record of former years by more than forty per cent. Substantial gains are also to be credited to the Cigar and Tobacco Trades, the Clothing Trade, the Hide and Leather Trades, the Coal Trade, the Fur Trade, the Building Trade, and other Auxiliaries. Another notable feature is the increase in the collections in the Legal, Architectural and Dramatic professions.

THE ANNUAL COLLECTIONS.

The collections since the beginning of the movement, in 1879, have realized the following amounts :

1879	\$26,455 07
1880	44,371 97
1881	42,535 45
1882	30,699 90
1883	43,062 74
1884	36,542 75
1885	46,085 38
1886	53,051 98
1887	50,449 15
1888	52,039 63
1889	57,090 66
1890	58,342 23
1891	60,263 91
1892	63,229 66
1893	58,729 42
1894	58,208 29

ADMISSION OF TWO MORE HOSPITALS.

During the past year the Beth Israel and the Lebanon Hospital were admitted to membership in the Association, which now numbers thirty-six.

THANKS FOR SERVICES.

The Association gratefully acknowledges acts of gratuitous service. Thanks are again due and cordially tendered to the Manhattan Railway Advertising Company for kindly placing the Collection boxes in the most accessible places on the Elevated Railway Stations, and to the American Express Company for collecting the boxes distributed among the factories of the city.

THE UNDESIGNATED FUND.

The Distributing Committee met at the Mayor's office, City Hall, on April 3, 1895. There were present His Honor, Mayor William L. Strong, and Messrs. Morris K. Jesup, Edward Cooper and Edwin Einstein. After deducting all special designations (to wit, \$7,279.02), allowing \$822.16 for past expenses, and setting apart the sum of \$1,107.11 to cover future expenses, there remained in the hands of the General Treasurer the sum of \$49,000.00, which the Distributing Committee apportioned among the Hospitals certified to them as entitled to share in the distribution. This was done on the basis of free work, as modified by a rule of the Association, which provides that the expenses of the Collection shall be borne in equal proportion by both the designated and the undesignated funds. As, however, the designated proportion is inviolate, the amount it bears toward expenses (aggregating this year to \$124.42, that being the proportionate share of expenses set over against \$2,232.56 specially designated to Hospitals sharing in the Undesignated Fund), is deducted from the undesignated amount apportioned to each Hospital in proportion to its special designations, and the sum so realized is redistributed amongst the entire number on the original basis of free work. Following the practice of former years, the New York Hospital and the Nursery and Child's Hospital waived their right to share in the distribution of the Undesignated Fund. The apportionment was made on a basis of 7:32 cents per day per free patient:

*Special designations, aggregating to the sum of \$3,919.57, were sent by Treasurers of Trade Auxiliaries or contributing Churches directly to the Treasurers of Hospitals, and hence have no place in the General Treasurer's statement of receipts, although they appear as part of the Collection in their appropriate places in the body of the report. The complete account therefore stands thus: Receipts per Treasurer's Report, \$56,749.00 + \$3,919.57 = \$60,668.57 — \$2,460.28 = \$58,208.29.

TO THE PUBLIC.

The Hospital Saturday and Sunday Collection for 1895, held under the most discouraging conditions—in the midst of alarms of war, a panic in stocks, and a depression in all lines of trade, due to multiplied causes—yet shows a fair increase over the collection of the previous year. No clearer proof could be afforded that the cause of the associated hospitals has a deep and permanent hold on

the public heart ; and while this result is a present source of congratulation, it cannot fail to excite the hope that with renewed prosperity in business much larger results will be reached in the future.

THE "WOMAN'S FUND."

First in the order of success amongst contributing agencies the Woman's Auxiliary of the Association should receive mention, for while there was a slight falling off in the Church offerings on "Hospital Sunday," and in the returns from some of the trades, the "Woman's Fund" shows a distinct gain, and bears eloquent testimony to the labors and efficiency of this Auxiliary. The growth of the "Woman's Fund" is shown by the following figures:

1887.....	\$1,018 45
1888.....	1,250 00
1889.....	3,622 00
1890.....	3,119 00
1891.....	4,551 27
1892.....	4,463 00
1893.....	6,419 50
1894.....	6,385 00
1895.....	6,791 00

The additional sum of \$1,071.47 was realized by the Woman's Auxiliary from box and trade collections.

OTHER AUXILIARY WORK.

Special credit is once more due this year to the Dry Goods Trade Auxiliary, whose returns show a marked gain over any previous year. There is also an encouraging growth in the collections from the Legal Profession, the Brewers, the Building Trade, General Merchants, and several others. But the most important increase occurs under the heading "Personal Gifts," representative of the contributions of men not actively identified with any of the trades or professions, but who became interested in this work, and contribute to it, from their personal observation of its claims and merits, among which undoubtedly is the small cost at which the money is collected and distributed among the hospitals.

THE ANNUAL COLLECTIONS.

The collections since the beginning of the movement, in 1879, have realized the following amounts :

1879	\$26,455 07
1880	44,371 97
1881	42,535 45
1882	30,699 90
1883	43,062 74
1884	36,542 75
1885	46,085 38
1886	53,051 98
1887	50,449 15
1888	52,039 63
1889	57,090 66
1890	58,342 23
1891	60,263 91
1892	63,229 66
1893	58,729 42
1894	58,208 29
1895	58,919 45

ADMISSION OF TWO MORE HOSPITALS.

During the past year the Hahnemann and the Mothers' and Babies' Hospital were admitted to membership in the Association, which now numbers thirty-eight institutions.

THANKS FOR SERVICES.

The Association gratefully acknowledges acts of gratuitous service. Thanks are again due and cordially tendered to the Manhattan Railway Advertising Company for kindly placing the Collection boxes in the most accessible places on the Elevated Railway Stations, and to the American Express Company for collecting the boxes distributed among the factories of the city.

THE UNDESIGNATED FUND.

The Distributing Committee met at the Mayor's office, City Hall, on April 16, 1896. There were present His Honor, Mayor William L. Strong, and Messrs. Edward Cooper, Cornelius Vanderbilt, Edwin Einstein and Alexander E. Orr. After deducting all special designations (to wit, \$6,584.76), allowing \$2,131.34 for past expenses, and setting apart the sum of \$2,203.35 to cover future expenses, there remained in the hands of the General Treasurer the sum of \$48,000.00, which the Distributing Committee apportioned among the Hospitals certified to them as entitled to share in the distribution. This was done on the basis of free work, except as modified by special rules, one of which provides that no hospital shall receive in excess of 10 per cent. of the sum distributed, another that none shall receive less than \$250.00 as its share of the distribution, and, finally, that the expenses of the collection shall be borne in equal proportion by both the designated and the undesignated funds. As, however, the designated proportion is inviolate, the amount it bears toward expenses (aggregating this year to \$100.88, that being the proportionate share set over against \$1,738.68 specially designated to Hospitals sharing in the Undesignated Fund), is deducted from the undesignated amount apportioned to each Hospital in proportion to its special designations, and the sum so realized is redistributed amongst the entire number on the original basis of free work. Following the practice of former years, the New York Hospital and the Nursery and Child's Hospital waived their right to share in the distribution of the Undesignated Fund. The apportionment was made on a basis of 6.98 cents per day per free patient:

*Special designations, aggregating to the sum of \$3,566.17, were sent by Treasurers of Trade Auxiliaries or contributing Churches directly to the Treasurers of Hospitals, and hence have no place in the General Treasurer's official statement of receipts, although they appear as part of the Collection in their appropriate places in the body of the report. The complete account, therefore, stands thus: Receipts per Treasurer's Report, \$56,460.39 + \$3,566.17 = \$60,026.56 — \$1,107.11 = \$58,919.45.

TO THE PUBLIC.

The Hospital Saturday and Sunday Collection of 1896 exceeded that of the previous year by several thousand dollars. This result was achieved, as every one is aware, in the face of very depressing economic conditions; and while it is an encouraging sign of sustained public interest, it was accomplished only because the working forces of the Association were strengthened and multiplied to meet the occasion. Several auxiliaries already established received most helpful additions in members, while in half a dozen trades, from which almost no contributions had been received, new auxiliaries were

organized, which resulted in a substantial increase to the General Fund. Also, because of the efforts of a committee of Jewish gentlemen associated with this work, the contributions from Temples and Synagogues were almost doubled. More and larger gifts were also received directly by the Treasurer in response to the Association's general appeal.

THE "WOMAN'S FUND."

Under the energetic management of the Woman's Auxiliary of this Association, the "Woman's Fund" shows an encouraging increase of contributors over any previous year; and while the total sum collected is a few hundred dollars below the highest figure, this falling off is directly due to the death of several of its largest contributors. But for these occurrences the total would have exceeded any previous year. The growth and present status of the "Woman's Fund" is shown by the following figures:

1887.....	\$1,018 45
1888.....	1,250 00
1889.....	3,622 00
1890.....	3,119 00
1891.....	4,551 27
1892.....	4,463 00
1893	6,419 50
1894.....	6,385 00
1895.....	6,791 00
1896.....	6,560 00

The additional sum of \$738.53 was realized in 1896 by the Woman's Auxiliary, from box and trade collections.

OTHER AUXILIARY WORK.

The most notable increase in auxiliary work this year falls to the credit of the Iron, Steel, Metal and Machinery Trades Auxiliary, which collected a total of \$2,375.00, in place of \$500 the previous year. Next in order comes the Clothing Trade Auxiliary, showing an increase from \$430.00 to \$933.70. Then follows the Jewelry and Silversmiths' collection, which rose from \$150.00 to \$530.00; and the collection among Brewers, which advanced from \$505.00 to \$800.30. An increase over last year is also to be noted in the collections in the

Chemical, Drug and Dye Stuff Trades, the Hide and Leather Trades, the Paint and Varnish Trades, the General Merchants, the Coffee and Tea Trades, and in the collections among Lawyers and Architects.

THE ANNUAL COLLECTIONS.

The collections since the beginning of the movement, in 1879, have realized the following amounts :

1879	\$26,455 07
1880	44,371 97
1881	42,535 45
1882	30,699 90

THANKS FOR SERVICES.

The Association gratefully acknowledges acts of gratuitous service. Thanks are again due and cordially tendered to the Manhattan Railway Advertising Company for kindly placing the collection boxes in the most accessible places on the Elevated Railway Stations, and to the American Express Company for collecting the boxes distributed among the factories of the city.

THE UNDESIGNATED FUND.

The Distributing Committee met at the Mayor's office, City Hall, on March 26, 1897. There were present His Honor, Mayor William L. Strong, and Messrs. Edward Cooper, Edwin Einstein, Alexander E. Orr and the Postmaster of New York by his Assistant. After deducting all special designations (to wit, \$7,343.68) allowing \$1,454.37 for past expenses, and setting apart the sum of \$3,232.80 to cover future expenses, there remained in the hands of the General Treasurer the sum of \$50,000.00, which the Distributing Committee apportioned among the Hospitals certified to them as entitled to share in the distribution. This was done on the basis of free work, except as modified by special rules, one of which provides that no hospital shall receive in excess of 10 per cent. of the sum distributed, another that none shall receive less than \$250.00 as its share of the distribution, and, finally, that the expenses of the collection shall be borne in equal proportion by both the designated and the undesignated funds. As, however, the designated proportion is inviolate, the amount it bears toward expenses (aggregating this year to \$155.01, that being the proportionate share set over against \$2,943.14 specially designated to Hospitals sharing in the Undesignated Fund), is deducted from the undesignated amount apportioned to each Hospital in proportion to its special designations, and the sum so realized is redistributed amongst the entire number on the original basis of free work. Following the practice of former years, the New York Hospital and the Nursery and Child's Hospital waived their right to share in the distribution of the Undesignated Fund. The apportionment was made on a basis of $7\frac{57}{100}$ cents per day per free-patient:

WALTER H. LEWIS,	
BRADFORD RHODES,	

* Special designations, aggregating to the sum of \$3,507.89, were sent by Treasurers of Trade Auxiliaries or contributing Congregations directly to the Treasurers of Hospitals, and hence have no place in the General Treasurer's official statement of receipts, although they appear as part of the Collection in their appropriate places in the body of the report. The complete account, therefore, stands thus: Receipts per Treasurer's Report, \$60,630.45 + \$3,507.89 = \$64,138.34 — \$2,103.35 = \$62,034.99.

TO THE PUBLIC.

The Hospital Saturday and Sunday Collection of 1897 exceeded that of the year previous by more than six thousand dollars, and is by nearly that amount the largest in the history of the Association. This very satisfactory result was achieved in spite of a somewhat lessened church collection, due to exceedingly unfavorable weather on "Hospital Sunday."

First among the agencies of the Association contributing to the success of the collection is, as usual, the Woman's Auxiliary; and next in order stand the Auxiliaries for the Bankers and Brokers, the Steamships, Shipping and General Merchants, the Publishers and Book Trade, the Dry Goods Trade, the Cigar and Tobacco Trades, the Iron, Steel and Machinery Trades, the Clothing Trade, the

Chemical, Drug and Dye Stuff Trades, the Pencil Trade, and that for the Legal Profession.

The Auxiliaries for the Steamships, Shipping and General Merchants, the Publishers and Book Trade and the Legal Profession were organized during the past year, and at once placed themselves among the most effective of the Association's Auxiliaries.

THE "WOMAN'S FUND."

The Woman's Auxiliary of the Association fully maintains its high record for efficiency, and the "Woman's Fund" collected under its auspices again shows an increase over any previous year. In addition to this excellent showing, credit must be given for an extra sum of \$2,000, the Auxiliary's share of the proceeds of the entertainment that signalized the opening of the Hotel Astoria. And in this connection it is a pleasure to mention that through the kindness of Mr. George C. Boldt, the proprietor of the Astoria, the Woman's Auxiliary will hereafter be the sole beneficiary of an annual entertainment, to be arranged for by the Woman's Auxiliary (to be given on the anniversary of the opening of the hotel), and for which Mr. Boldt, with a rare generosity, not only furnishes regal accommodations, but also a collation.

The growth and present status of the "Woman's Fund" is shown by the following figures:

1887.....	\$1,018 45
1888.....	1,250 00
1889.....	3,622 00
1890.....	3,119 00
1891.....	4,551 27
1892.....	4,463 00
1893.....	6,419 50
1894.....	6,385 00
1895.....	6,791 00
1896.....	6,560 00
1897.....	6,954 00

The additional sum of \$574.09 was realized in 1897 by the Woman's Auxiliary, from box and trade collections.

INCORPORATION—GIFTS IN TRUST.

During the past year the Association was duly incorporated under the laws of the State. This step was taken to enable it to receive legacies or gifts in trust, the income from which shall be applied

(either in the giver's name, or in memory of some dear one) to each collection in perpetuity. The character of this work makes such a gift an ideal form of commemoration; and its perpetuity in the future, seems now beyond question established. Since its beginning in 1879 there has been a steady growth both in hospital membership and in the gifts committed to its care for annual distribution. The Association started with 15 beneficiaries; now the number is 37. The first collection amounted to \$26,000; the last to \$68,000, a considerable increase over any previous year. The Association is both in its constitution and its spirit representative of the whole people; its economical management is an acknowledged example to all similar associations in England, no less than America; and while the monies collected go to the hospitals with a minimum deduction for expenses, the distribution is made on a basis of *free work*. The whole project is, therefore, a direct incentive to free charity work—and in bringing the expenses of all the hospitals by collocation into comparison, the Association places a wholesome check upon all forms of extravagance in hospital management.

THE ANNUAL COLLECTIONS.

The collections since the beginning of the movement, in 1879, have realized the following amounts :

1879	\$26,455 07
1880	44,371 97
1881	42,535 45
1882	30,699 90

1895	58,919 45
1896	62,634 99
1897	68,054 01

Total since 1879 \$970,166 64

THANKS FOR SERVICES.

The Association gratefully acknowledges acts of gratuitous service. Thanks are again due and cordially tendered to the Manhattan Railway Advertising Company for kindly placing the collection boxes in the most accessible places on the Elevated Railway Stations, and to the American Express Company for collecting the boxes distributed among the factories of the city.

THE UNDESIGNATED FUND.

The Distributing Committee met at the office of the Postmaster of New York, on April 20, 1898. There were present Messrs. Edward Cooper, Alexander E. Orr, Edwin Einstein and Postmaster Cornelius Van Cott. Absent, Mayor Van Wyck, Cornelius Vanderbilt and Morris K. Jesup. After deducting all special designations (to wit, \$8,579.06) allowing \$1,373.96 for past expenses, and setting apart the sum of \$3,100.99 to cover future expenses, there remained in the hands of the General Treasurer the sum of \$55,000.00, which the Committee apportioned among the Hospitals certified to them as entitled to share in the distribution. This was done on the basis of reported free work, except as modified by special rules, one of which provides that no hospital shall receive in excess of 10 per cent. of the sum distributed, nor less than \$250.00 as its share of the distribution, and another whereby deductions are made on account of moneys received from the public treasury, to wit: If a hospital report its number of days of free service as 100,000, and the cost of such service \$100,000, or \$1.00 per day per capita, and the amount of moneys received by it from the Public Treasury \$10,000, then there is deducted from the 100,000 days of free service reported from such hospital 10,000 days, leaving the days of free service or the number of hospital days free patients have been treated in the beds of such hospital, 90,000 days. The apportionment was made on a basis of $8\frac{1}{10}$ cents per day per free patient.

*Special designations, aggregating to the sum of \$3,814.17, were sent by Treasurers of Trade Auxiliaries or contributing Congregations directly to the Treasurers of Hospitals, and hence have no place in the General Treasurer's official statement of receipts, although they appear as part of the Collection in their appropriate places in the body of the report. The complete account, therefore, stands thus: Receipts per Treasurer's Report, \$67,192.07 + \$3,814.17 = \$71,006.24 — \$2,952.23 = \$68,054.01.
